**Please Note The Table Above**

There are a few changes to the NCS and Liaison Stations table. For example, W7XT and AI7H have swapped Tuesday and Thursday NCS. Sometimes things get in the way of ham radio, and Dick (W7XT) advises that his golf group has been assigned to Thursday evenings, so he doesn't even get home until way after IMN time. Best of luck to Dick with his other hobby! And liaison stations, please have a backup in mind who could cover for you on days you're not available as QNB.

**Final Story regarding Bumps On The Front (terminology)**

Our friend Scott (W7IZ) from over at RN7 reminded the author that tall, neatly stacked piles of paperwork are not that unusual in the ham radio world. Scott says the correct terminology for keeping them from tipping or sliding is "avalanche management". (He included a picture to prove his point).

**Welcome to More New IMN Stations**

We're pleased to have the following new stations checking in: Dennis, K7CPY – located in Clancy, MT; and Gary, N7DXT – from Missoula, MT. Thanks for joining us, and we hope you continue as IMN regulars.

## **News From Around the Circuit**

No new news has been reported to the writer. I'll bet folks are busy re-discovering the outside of their houses.

## **The Humor Section**

Just for info, May is national Borderline Personality Awareness Month, National Zombie Month, and National Motorcycle Awareness Month. Seems like most hams would be able to identify with one or more of the above.

### **Some comments regarding "ageing" (Thanks Jim, W7YV)**

"Don't let ageing get you down. It's too hard to get back up".

Age brings special multi-tasking skills. For example, I can laugh, cough, sneeze, and pee – all at the same time.

The little old lady asked "I wonder if they deliver e-mail on Sundays?"
