**Yes, We Have Almost No News This Month**

The one “official” news item is with regard to year 2020. It’s a leap year!

Due to lack of news, the Humor Division is slightly expanded for your reading pleasure.

**News From Around the Net (Sometimes Known as the “Bull Sh e e t”)**

Snowbird Jim (K7JV) can often be heard on IMN with a very good signal from his specially equipped snow-bird mobile somewhere in AZ.

**Humor Division**

Science Joke

Scientists have successfully grown human vocal cords in a Petri dish. The results speak for themselves.

### Mathematical Dissertation

Engineers and scientists will never make as much money as business executives. Here is a rigorous mathematical proof that explains why this is true:

**Postulate 1:** Knowledge is power

**Postulate 2:** Time is money

As every engineer knows, ***Work / Time = Power***

Since **Knowledge = Power**, and **Time = Money**, we have ***Work / Money = Knowledge***

Solving for Money, we get: ***Work / Knowledge = Money***

Thus, as Knowledge approaches zero, Money approaches infinity regardless of the work done.

**Conclusion:** The less you know, the more money you make.

Editor's comment: Ain't it true!

### Chemistry Dissertation

It's a "Known Fact" that everything on the internet is true, and the internet provided the information below:

The question listed below was given as part of a mid-term Chemistry exam at Washington State University, and the professor shared the profound discussion presented by one student (don't know what credit the student got for his answer).

**Bonus Question:** Is Hell exothermic (gives off heat), or endothermic (absorbs heat)?

Most of the students wrote proofs of their beliefs using Boyle's Law (gas cools when it expands and heats when it is compressed) or some variant.

One student, however, wrote the following:

First, we need to know how the mass of Hell is changing in time. So, we need to know the rate at which souls are moving into Hell and the rate at which they are leaving. I think that we can safely assume that once a soul gets to Hell, it will not leave. Therefore, no souls are leaving.

As for how many souls are entering Hell, let's look at the different Religions that exist in the world today. Most of these religions state that if you are not a member of their religion, you will go to Hell. Since there is more than one of these religions and since people do not belong to more than one religion, we can project that all souls go to Hell.

With birth and death rates as they are, we can expect the number of souls in Hell to increase exponentially. Now, we look at the rate of change of the volume in Hell because Boyle's Law

states that in order for the temperature and pressure in Hell to stay the same, the volume of Hell has to expand proportionately as souls are added.

This gives two possibilities:

1. If Hell is expanding at a slower rate than the rate at which souls enter Hell, then the temperature and pressure in Hell will increase until all Hell breaks loose.
2. If Hell is expanding at a rate faster than the increase of souls in Hell, then the temperature and pressure will drop until Hell freezes over.

### **November QNI and QTC (30 OF 30 DAYS IN AT PRESS TIME)**

QNI: VE6ADM-12, VE6AWI-20, K7BFL-8, WW6D-13, KA7FTP-12, W7GB-5, AI7H-17, K9JM-17, WJ7S-6, K7JV-8, AB7MP-3, WB6N-21, W6PAP-2, KF7QNS-15, VA7QQ-6, KM7SM-4, K7URU-17, W5UYH-12, K7VK-2, W7XT-3, KA7YYR-14, AB5ZA-6, total QNI 223

QTC: AI7H-10, VA7QQ-2, WB7N-7, VE6AWI-1, total QTC 20

Total Net Time: 231 Minutes (Average about 7 Min/Session)

### **Volunteers Always Needed**

If you are interested in helping us out at IMN, we're all ears! A long list of interesting jobs is available. (For info, all staff members are in the same pay grade).

### **Address Corrections**

Let us know if you change your e-mail address, and / or if you don't wish to receive the IMN Newsletter any longer.
