Some Hams don't send radiograms because it takes too much time. There are other hams that aren't familiar with form, etc. and are afraid of thoughts and comments of other hams. Many hams are reluctant to send radiogram because they don't have a topic to correspond about. This is a suggested list of topics that may be used to send timely radiograms.

The following is a list of radiogram topics that can be used any time of the year when the occasion arises. Please consider this a partial list and add to it as needed.

ANYTIME TOPICS
